

2023 RIDGECREST ESTATE DRY RIESLING

RIDGECREST VINEYARDS | RIBBON RIDGE AVA | WILLAMETTE VALLEY | OREGON

ABOUT THE VINEYARDS

Ridgecrest Vineyards is dry-farmed sustainably according to **LIVE** (Low Input Viticulture & Enology) standards.

Established - 1980 | Planted - 1982 - current | Elevation - 480 - 690ft | Acreage - 120 total, 41 planted | Soils - Marine Sedimentary

Of the 40 planted acres that constitute Ridgecrest Vineyards, less than 4 acres are Riesling. Great things come in small packages!

VINTAGE NOTES

2023: Return to Normal: Average Becomes

We've had several unusual vintages recently, e.g., 2022 (hard freeze), 2021 (hot, hot hot) and 2020 (wildfire smoke). 2023 pleasantly showed us a recent, relative normalcy, albeit warm.

Only two harvests in the last ten have begun earlier, 2023 starting September 11, a full 30 days earlier than our average the first 15 vintages this century.

Vineyard vigor, growth and ripening were strong in this Summer, with only 2015 having more over-80F days and only 2019 having more rainfall. Cropload yields were slightly smaller by 15% than the all-varietal 2.52 ton-per-acre 5-year average, with disease pressure very low except for a couple late-held varieties and general quality very good to exceptional—and that we'd like to see become normal. - *Harry*

WINEMAKER'S NOTES

Riesling from Ribbon Ridge is classically highlighted by the presence of round, smooth texture, great acid, and lots of stone fruit. This version is no exception. We leave just a touch of sugar in the wine to balance the brightness felt by the acid, making it the perfect wine for many meals. This wine shows a light straw color, tinged with a bit of green on the edges. The palate is chock full of dried apricots, pineapple, nectarine, candied lime peel, and apple turnover, and the nose highlights some more ethereal aromas, including gardenia, fennel, and pewter. Texturally, this Riesling is smooth and silky, has a backbone of tight acid, and finishes with a juicy, mouthwatering viscosity that leaves you wanting more. Try it with veggie samosas, Hamachi crudo, or Pad Thai. - *Wynne*

TECHNICAL DATA

AbV - 11.9% | **RS** - 9.4 g/L | **TA** - 8.0 g/L | **pH** - 3.02

AGING - 5 months | 50% stainless steel, 50% neutral French oak

PRODUCTION - 240 cases

RELEASE - APRIL 2024

ENJOY - NOW - 2032 & beyond!

Harry Peterson-Nedry | Founder

When we first set foot on Ribbon Ridge in 1980, we knew it was something special. There was an indefinable magic to the place, in the low-slung, rolling hills that rise and fall like the breath of a slumbering child. It was undeniably alive, and bursting with potential.

In 1980 folks thought we were just plain nuts to plant wine grapes on that chilly rise located on the western edge of the Willamette Valley. The common thought at the time was that the site was situated too far west for grapes - too windy, too foggy, too cool.

We naively followed our gut, planting the first vineyard on what would one day become one of the premier wine appellations in Oregon, the Ribbon Ridge AVA. Ridgecrest Vineyards did not disappoint. Early barrel samples were encouraging. We studied it, continued to plant, and dug deeply.

Crafting our cellar-worthy RR wines since 2002, we know these vineyards – the ins and outs, strengths, and peculiarities of each and every block. We've done our homework.

Now, it's recess. We're ready to come out and play.*

Our new RIDGECREST label allows us to do just that – to experiment with all of those blocks, lots, and barrels that beg our attention every harvest – the ones we are loathe to blend with others, because they are just so damned intriguing. Pinot Noir will be the mainstay, with supporting roles played by Gamay Noir, Grüner Veltliner, Chenin Blanc, Chardonnay, Pinot Gris and Riesling.
